## Precision Haircutting Course

Intensive Program

Monday - Thursday, 9:30am to 5:30pm, 8 meetings, 64 hours

[www.hdmakeupacademy.com](http://www.hdmakeupacademy.com)

This course aims to develop a solid foundation in **PRECISION** ladies & men's haircutting through intense theory and hands-on practice. While students are typically taught how to do a particular haircut, our curriculum goes beyond the obvious and teaches the reasons - the WHYS - behind the cut. This approach not only allows a much deeper understanding but more importantly, enables our students to customize a particular cut to the specific facial features, bone structure, fashion sense, and lifestyle of the client. Beyond customization, it provides a fertile ground for the student to be creative - to mix and match techniques and shapes to create new haircuts with precision.
